

**Date** 5th April 2022

Dear Sir/Madam,

**Notification of works to close Broughton Street Junction on 12 April 2022.**

The project plans to fully close off the eastbound lanes at York Place and Broughton Street beside the current traffic management arrangements. The works are scheduled to be completed over a complete closure from 09.00am on 12<sup>th</sup> April 2022 to 05.00am 13<sup>th</sup> April 2022.

These works will have diversion routes in place via Abercromby Street, Albany Street and East London Street and/or London Road, Regent Road and South St David Street and these will be clearly signposted for vehicles. The one day closure is to enable us to complete the surfacing and lining of the junction in advance of its re-opening and to minimise the impact on the transport network including Lothian Buses.

During these works there will be no through access along the front of the buildings at Picardy Place and Antigua Street however, access for pedestrians will still be fully provided along the adjacent footpaths. If you require assistance with any specific deliveries during this time, please contact the project on the details below and we will assist.

You can view the temporary arrangements in the drawing below. Details of any bus diversions can be found at [www.lothianbuses.com](http://www.lothianbuses.com).

Please contact the Trams to Newhaven project team by email on [Newhaven.tram@edinburgh.gov.uk](mailto:Newhaven.tram@edinburgh.gov.uk) or alternatively contact our customer helpline on 0131 322 1122 (local rate 8am to 7pm, Monday to Sunday, Saturday 8am to 7pm).
