Donation Refund Policy

September 2024

Can I request a refund of my donation?

We value and appreciate every gift that is made to support the work of the church.

In common with all other charities, we are subject to charity law, which means that we cannot refund donations except in exceptional circumstances.

If you have reason to believe that a donation that you have made should be refunded, please contact finance@staned.org.uk and we will try to assist you.
